ALLOWANCES FOR TARGET WORK

NATIONAL GUARDS PROVIDED WITH AMMUNITION

California Is Sixteenth in Number of Enlisted Men and Receives Such Proportionment of Funds—Appropriations Also Made for Rifle Clubs

WASHINGTON, D. C., Nov. 23.—The Division of Militia Affairs of the War Department has announced the allowance of ammunition for the present fiscal year made to the National Guard under the act of May 27, 1908, being 50 per cent. of the allowance to the regular Army. The total set aside for this purpose is \$643,124, divided among the States according to the enlisted strength of their National Guard.

New York leads with an enlisted strength of 13,800, and \$80,135 for ammunition. New Mexico, which has the smallest National Guard, gets \$1635 for its 243 enlisted men. The States, in order of their enlisted strength, rank as follows:

Schoolboy Clubs

In pursuance of the plan to encourage the teaching of the use of the military rifle in educational institutions, the War Department has revised the orders governing the allowance of small arms ammunition to institutions at which officers of the Army are detailed as instructors.

Under the new regulations, \$21,000 has been set aside for the one hundred such institutions, to include rifle-ball cartridges, blank ammunition, .22-caliber ball cartridges for gallery practice, and target supplies. Issues will be made on requisitions certified to by the professors of military science and tactics, specifying the actual facilities for the gallery and range practice, the time allotted by the institution, and the number of students enrolled in the military department, to whom opportunity is afforded by the authorities of the institution to participate in gallery or range practice, or both.

The War Department specifies the maximum allowance for each student at forty rounds of rifle-ball cartridges for each range, the total not to exceed 120 rounds per student. When gallery practice is held in addition to range practice, sixty rounds of .22-caliber ball cartridges are allowed per student. Where there is gallery practice but no fa-

ilities for range practice, 120 rounds of .22-caliber are allowed per student. Each institution is also allowed ten rounds of rifle blank cartridges. Should such an institution desire target supplies they may be obtained from the War Department, but only in lieu of a corresponding monetary reduction of the ammunition allowance for that institution.

SEATTLE HAS GREAT PLANS

SPORTING ELEMENT IS TO BE WELL CARED FOR

Yale, Cornell, and Harvard Rowing Crews Invited to Take Part in a Big Water Carnival—Athletic Events and Balloon Contests

SEATTLE, Wash., Nov. 25.—Negotiations are on to bring the Cornell, Yale, and Harvard rowing crews to Seattle during the Alaska-Yukon-Pacific Exposition next summer. It is planned to hold at least one regatta on Lake Washington each month during the exposition, which opens June 1 and closes October 16. All arrangements have been made for a series of races between California, Stanford, and the University of Wisconsin, and other Middle West colleges have also been asked to send crews.

It is planned to make the rowing regattas a feature of the sports during the fair, and a big purse will be hung up to bring out the Cornell, Harvard, and Yale crews. The Exposition management will submit a proposition to the three Eastern colleges and will make any reasonable arrangements to carry out the plan. Lake Washington and Lake Union, both bordering on the Exposition grounds, offer exceptional advantages for these big races. An ideal course can be laid out and it is estimated that thousands of people would come from all parts of the United States to witness the races.

The arrangements have been concluded for the track meet of all Pacific Coast colleges and high schools in Seattle during the Exposition. While the dates have not been definitely set, the colleges and schools of the Pacific Coast have agreed to hold their 1909 championship games in Seattle and the arrangement of the schedule will be made early in January.

It is also planned to bring the annual Army and Navy championship games to Seattle next year. Negotiations were opened on this matter some weeks ago, and favorable assurance has been received by the Exposition management that the plan can be carried out. The Pacific Fleet of the United States Navy will be stationed in Seattle harbor during the entire Exposition period and this will be a strong inducement to hold the championship games in the Exposition city.

Another big feature of the sporting program will be the international balloon races. Representatives of various aero clubs are now in Seattle concluding the arrangements which will bring airships, balloons, and aeroplanes to Seattle from all parts of the United States, and from many foreign countries.

TRAINER MOULTON SUMMONS STANFORD RUNNERS

Veteran Athletes Are to Represent the Cardinal on the Cinder Path This Year—Cline, Former Harvard Runner, Expected to Win Points

STANFORD UNIVERSITY, Calif., Nov. 27.—Trainer "Dad" Moulton has issued an informal call for all men interested in track work to turn out for the remainder of the semester.

So far this term only one meet has been held on the campus, though a large number of cinder-path candidates have been out limbering up, and about ten old men entered the Pacific Athletic Association meet held in Oakland four weeks ago.

Stanford will have a majority of last season's veterans as a nucleus for this year's teams. In the sprints, Jasper Holman will again rank near the top, and Gardner and "Billy" Cline will be strong competitors. Cline has fast "prep" school records that give ground for bright expectations. In the Oakland meet this fall, Cline won the 100-yard dash in 10.3-5 seconds.

Though Herbert Brown, the phenomenal quarter and half-mile of last year's team, will not again be in college, his place will be well filled by Wyman, and Rawles, who has re-entered Stanford. These men have run the 440-yard dash in intercollegiate meets in less than 52 seconds.

J. O. Miller, C. B. Bradford, McGregor, Ferguson, Sweet, Adams, Bevier, and Severy, should capably handle the longer distances. Miller holds the half-mile record at 1:57.3-5 seconds, made at the conference meet last summer, and Bradford has run the mile in last two intercollegiate meets in 4:33.3-5 seconds and 4:32.3-5 seconds, respectively.

Adams and Sweet are varsity two-milers, and McGregor won his monogram in the mile last spring. Capt. Horton, Peasley, Morris, Halsey, and Cline are good men in the hurdles, all being members of the varsity except Cline, who was not in college last semester.

In the weights, Stanford will be strong. Horton, Crawford, and Yonker are all consistent performers and veterans. Martin, who has a record of six feet in the high jump, will return to college.

While the other field events are not not covered by record-holders, good material may be developed in Waring Scott, and Medick F. Lanagan, Bellah, and Vandervoort will be greatly missed in the pole vault and broad jump.

With such a bunch of last year's stars, and the return of Rawles and Halsey, it seems fairly probable that the Cardinal track team will be a winner next spring.

C. A. C. MEETING.

The regular monthly meeting of the Chinese Athletic Club will be held at the Chinese Y. M. C. A. hall tomorrow night at 7:30 o'clock. Besides the various committee report, there will be important business to be transacted. A large attendance is particularly requested.
